

Parameters

STW-028B4B	
Rated Output	2W
Dimensions	160x80mm
Material	PET
Max Power Voltage	6.6V
Max Power Current	0.5A
Operating Temperature	-48°C-120°C
Capacity	2600 mAh
Nominal Voltage	3.6-3.7V
HOLD-Time	48Hours
Type of Battery	Li-ion
Protections	overload
Number of lamps	28pcs SMD
Operation Input Voltage	6V
Power Consumption	3-7W
Waterproof	Ip65
Operation Temperature	-10°C-85°C
Detection Zone	6-8m
Detection Angle	120 degrees

Features

- + Integrated design of PIR motion sensor
- + Built-in solar panel
- + Three optional modes
- + Installs easily with no wiring necessary
- + Rechargeable batteries(included)
- + Motion sensor turns light ON automatically at night when motion is detected
- ° Durable weather resistant heavy-duty plastic construction
- + Anti UV radiation
- + Waterproof IP65, heatproof and durable
