

LED SOLAR WALL LIGHT SPECIFICATION

STW-005A1

Parameters

- ◆ 24 LED Solar Motion Sensor Light
- ◆ Material: ABS, AS
- ◆ Solar panel: Amorphous solar panel 6V, 0.5Watt
- ◆ Battery: Rechargeable Lithium Battery, 14500, 500mAh, 3.7V, 1PC
- ◆ Light source: SMD2835 LED, 24PCS
- ◆ Working time: 120minutes after full charged
- ◆ Lumen efficiency: 100LM
- ◆ Function: Constantly lighting and sensor lighting

Switch

Model: STW-005A1**Features**

- ◆ Integrated design of PIR motion sensor Built-in solar panel
- ◆ Three optional modes
- ◆ Installs easily with no wiring necessary Rechargeable batteries(included)
- ◆ Motion sensor turns light ON automatically at night when motion is detected
- ◆ Durable weather resistant heavy-duty plastic construction
- ◆ Anti UV radiation
- ◆ Waterproof IP44, heatproof and durable
