

LED SOLAR WALL LIGHT SPECIFICATION

STW-055A5

Parameters

- ◆ Solar Hang Sensor Light
- ◆ Material: ABS, PC
- ◆ Solar panel: Polycrystalline solar panel 5.5V,0.4Watt
- ◆ Battery: Lithium battery 18650,1500mAh,3.7V
- ◆ Light source: Super bright dip LED, 24PCS
- ◆ Lumen efficiency: 200LM
- ◆ Working time: sensor 8H, constantly 4H, low bright 8H, SOS 8H
- ◆ Function: 4 modes (sensor, constant, low, SOS lighting)

Solar

AUTO

LED

IP44

Switch

Model: STW-055A5**Features**

- ◆ Integrated design of PIR motion sensor
- ◆ Built-in solar panel
- ◆ Three optional modes
- ◆ Installs easily with no wiring necessary
- ◆ Rechargeable batteries(included)
- ◆ Motion sensor turns light ON automatically at night when motion is detected
- ◆ Durable weather resistant heavy-duty plastic construction
- ◆ Anti UV radiation
- ◆ Waterproof IP44, heatproof and durable
